

**sh. t**

i just can't stand  
stupid questions  
for what reflection is their use  
user and abuser  
are totally confused

i'm sick of explanation  
reincarnation of prepared conversation  
i'm deeply impressed  
we are drown in a mess

what a fabulous election  
the questions is what for  
i guess a new collection  
of a black blue score

so picture this out  
the louder you shout  
the less they can hear you

you must confess  
we are addicted  
to some ignorant fools  
the lines that they've predicted  
were meaningless and boo

the winners are cheating  
the looser cheer whit joy  
what a great reward  
what a great reward  
what a great reward

that leads into  
viewless colours of a  
deep blue stupid due  
thoughts are bound to  
follow but losing truth

so picture this out  
the louder you shout  
the less they can hear you

i can't stand!  
stupid questions  
meaningless matters on stupid ideas

i'm sick of explanation  
reincarnation of prepared  
conversation  
i'm deeply impressed  
we are drown in a mess

so picture this out  
the louder you shout  
the less they can hear you

they don't hear you  
they don't hear you  
they don't hear you  
they don't hear you
